For many years a mining company out west employed a Chinese cook, and one evening after an unusually good dinner the superintendent decided to raise his wages. The next day the Chinese noted the extra money in his envelope.

"Why you pay me more?" he asked the superintendent.
"Because you have been a good cook all these years," replied his boss.

The Chinese thought it over, then said, "You been cheating me long time, eh?"

Lesson to Proofreaders

(New Orleans Times-Picayune)

As everyone knows who has ever had anything to do with newspapers — and that includes reading them — proofreaders get the blame for the mistakes that appear in the papers. So, of course it was proofreaders on the Soviet Sector

Tribune — 16 of them — who got arrested for sabotage after it was discovered that their paper had made a typographical error. Sixteen was quite a few to arrest for one mistake for which presumably no more than one proofreader could have been responsible; but it was a blunder that happened to detract from the reputation of the erstwhile boss of all Bolsheviks as a peace-lover.

The Tribune, which is the organ of the Communist East German trade union federation, published a condolence message from the party which included this sentence: "With Joseph Vissarionovich Stalin, a great scientist of Marxism-Leninism and an excellent fighter for the preservation and strengthening of war in the world has passed away." The Communist bosses said it should have read: "For preservation and strengthening of peace."

No word has been received as to the sentences to be meted out to the unfortunate proofreaders. Probably few insurance companies would find them to be good risks for more than a few days at the most. And while they have no authority for the statement, some of our newspaper's proofreaders insist they have reason to believe that two typesetters were promptly shot for the error and the proofreaders released.

'And Or' Again

(Associated Press)

Any one who has been perplexed on reading "and/or" in insurance policies or legal papers should be heartened. The Wisconsin Supreme Court can't figure it out either.

In one of the most biting decisions the tribunal has ever handed down, Justice Chester A. Fowler took lawyers to task for the use of the puzzling word combination. The case involved an insurance policy invoked to recover costs of compensation awarded to an employee of the Spurgeon Bay Company who was injured by a truck. The court had to decide whether C. D. Brewer "and/or" the Spurgeon Bay Company was identified under the policy.

"It is manifest," Justice Fowler wrote, "that we are confronted with the task of first construing 'and/or,' that befuddling, nameless thing, that Janus-faced verbal monstrosity, neither word nor phrase, the child of a brain of someone too lazy or too dull to know what he did mean, now commonly used by lawyers in drafting legal documents, through carelessness or ignorance or as a cunning device to conceal rather than express a meaning with a view to furthering the interest of their clients."

Highway Dept. Will Do Same for Hope as L. R.

Raymond Orr, Ft. Smith, chairman of the Arkansas Highway Commission, said today that the State Highway Department would do the same for Hope as it would for Little Rock in building roads in event a bomber base was located here.

The statement was made to Franklin McLarty, chairman of the Southwest Arkansas Economic Council which is seeking to change the location of an Airforce Jet Bomber base from Little Rock to Hope, following a telephone conversation.

Published reports in Little Rock have indicated that construction of necessary roads to the Jacksonville site would cost in excess of \$3,000,000.

Mr. McLarty said today that construction of similar roads to the Hope airport site could be done at an estimated savings of \$2,000,000.

"We already have two good highways leading to the Hope airport and if two completely new roads were added it would require only five miles of construction, with dirt cheap right-of-way. Of that five miles four is out of Hope City limits. Compare that to the distance of Jacksonville site from Little Rock, plus the right-of-way difficulties and anyone can readily see the savings of both state and federal tax money."

"Nobody has been able to show that a base could be built at Little Rock anywhere near as cheap as it could be built here," McLarty said.

\$104,000 Law Suit Being Heard Here

The plaintiffs in three cases, all grouped for trial, are seeking total judgment for \$104,000 in Hempstead Circuit Court now in progress.

The cases are Donald Decker, Robert Hackler and Joseph Paris vs. Jake Livingston and Floyd Hansen. The personal injury suit resulted from an accident West of Hope on Highway 67 in which a soldier, John Paris, was killed.

In other action a jury awarded \$5,585 to Planders Harris for the loss of an arm in an accident near Ben Lomand. Harris, represented by W. S. Atkins, was suing for \$50,000.

LITTLE ROCK (UP) — The Arkansas Hospital Board of Control has scheduled its next meeting for Friday, April 17, at the hospital unit here. The announcement was made today by Mrs. Miriam Hardin, board secretary.

Free Loaders Look Forward to Bringing Their Baby Up in an Absolutely Free World

(Editor's note: This is the last of three columns on the rise of a new American social pest — the free loader.)

By HAL BOYLE

NEW YORK (UP) — A free loader is anyone who has developed the ability of living well on his ready wit rather than his ready cash.

A male and female free loader usually avoid each other, separated by the jealousy that divides professional people.

But occasionally necessity compels them to prey on the same sucker and forces a truce. And, human nature being what it is, every once in a while the truce ripens into love, just as it might between two hawks or a boy shark and a girl shark.

Surprisingly, sometimes married free loaders do better together than either did singly. Teamwork does it.

In New York a well-dressed couple can eat and drink well for free almost every night in the year by crashing big hotel and restaurant

Occupation Class to Tour Local Industries

The Occupations class of Hope high school is planning a group of field trips to various industries of Hope. The trips will begin Monday, April 13 and continue through April 27.

The itinerary includes visits to Klipsch Associates, Cox Brothers Foundry, Southwest packing company, Bruner-Ivory handle mill, Experiment Station, and Meyers Bakery. The main purpose of these trips is to better acquaint the students with the job picture in the Hope area.

The class is divided into three groups with two trips each and each group will report to the class on its particular trip. The class is taught by Horace Hubbard.

Bandits Rob Georgia Bank of \$100,000

SAVANNAH, Ga., (INS) — Three early-rising bandits, who forced the janitor to admit them, held up a branch of the Citizens and Southern National Bank at Savannah today and escaped with an estimated \$100,000.

The trio lay in wait for the janitor, forced him to admit them, held up a branch of the Citizens and Southern National Bank at Savannah today and escaped with an estimated \$100,000.

The heavily armed gunmen escaped in a black car.

Roadblocks were thrown up in the area. A short time later authorities at Midway, Ga., reported stopping a tri, but Savannah police later said the three were not the bank bandits.

Bank officials would not say how much money was taken, but police estimated the figure at about \$100,000.

Police said that after entering the bank, two of the men held the janitor at gunpoint in the rear, while a third herded other employees together as they arrived for work.

Officers said the bandits indicated they knew some of the employees.

They forced Tommy Glendon, who operates the safe combination at the bank branch, to open the vault.

U. S. Worked Reluctant Witness

WASHINGTON (UP) — A witness who refused to say whether he had belonged to a Communist cell here in the 1930's told Senate investigators to day he has worked for a number of congressional committees as well as various government departments.

The witness, Henry H. Collins, Jr., of Bronxville, N. Y., also testified that when he applied for an Army commission in World War II he listed Sen. Kilgore (D-W.Va.), Oscar Chapman and Oscar Cox as references.

Whether the Oscar Chapman he referred to was the former secretary of the interior in the Truman administration was not brought out. Nor was Cox identified in the testimony. An Oscar S. Cox was general counsel for the Foreign Economic Administration in World War II.

Texan Named New Highway Director

LITTLE ROCK (UP) — Herbert Eldridge, a veteran Texas Highway Department engineer, today was named Arkansas' new highway director.

The appointment was announced by the Arkansas Highway Commission at a meeting here.

Selection of the 57 year old Eldridge ended a three month search, during which the Commission interviewed more than 25 prospects.

Commission Chairman Raymond Orr said Eldridge would be paid the full \$15,000 a year maximum annual salary provided for the job.

Orr said the appointment was effective immediately and that Eldridge probably would assume active charge around May 1.

Orr said Eldridge did not apply for the directorship but that "The Commission sought him out."

Eldridge inspected highway projects in Arkansas between March 15 and March 21 at the Commission's request, Orr said.

Ever before the present Commission officially took over in January, it announced that it would take its time in choosing a director "so we can get the type man we want." The Commission said then that the choice would not be restricted to Arkansas.

Chief Highway Engineer Alf E. Johnson has been acting director since Orval E. Faubus, an appointee of former Gov. Sid McMath resigned in January.

Johnson was not an applicant for the director's job.

Attorneys to Oppose Bell Rate Increase

LITTLE ROCK (UP) — City attorneys met here today to work out details of opposing the Southwestern Bell Telephone Co.'s rate increase request before the Public Service Commission.

The hearing for the increase of \$230,000 was originally scheduled tentatively for April 6, but date has not been set. The 1953 legislature appropriated \$28,000 before July 1 to hire experts to assist in preparation of large-scale rate cases.

Little Rock City Attorney O. D. Longstrech said today's meeting was called to assign city attorneys to various phases of the case when the hearing begins, and to work out a schedule for their approval.

Other city attorneys attending the meeting were Mitchell Moore of Osceola, Marshall Little of Benton, Harrell Harper of Fort Smith, Jeb Hargood of El Dorado, Reed Thompson of North Little Rock, and Alice Harris of West Memphis.

The rate increase already has gone into effect under bond posted by the company.

35 Red Spies Arrested in W. Germany

BOON, Germany, (UP) — Vice-Chancellor Franz Blucher announced today the arrest of 35 Red spies working for Soviet Russia in West Germany.

He said the arrests smashed the espionage organization which he described as "the most important Communist spy ring uncovered in West Germany since 1945."

"When an armistice comes about," Gross said, "it will not be because of any debate here."

He delivered a second "progress" report to the committee on the Panmunjom negotiations, recalling that U.S. Ambassador Henry Cabot Lodge, Jr., had promised such reports last Tuesday, "from time to time."

Negotiators from both sides, he said, are meeting daily at Panmunjom and "the negotiations have moved ahead and there is hope that an exchange of sick and wounded prisoners will soon begin."

"The Communists," he said, "have indicated that the exchange of the sick and wounded lead to a solution of the whole prisoner of war problem. General Mark W. Clark has said that the U.N. negotiators are prepared to consider the overall prisoner problem as the second order of business."

General Clark also has invited detailed suggestions concerning prisoner of war repatriation. No resolution of this Assembly on Korea is necessary or desirable at this time.

Eighteen Club Youths Attend Dairy Meet

Eighteen 4-H club boys and fathers attended the dairy selection demonstration at the home of Don Ray Brown at Spring Hill yesterday afternoon at 4 o'clock.

Jersey heifers, a part of Don Ray's 4-H club herd of registered Jerseys, were used by Extension Dairyman Glen Pursley in presenting the study.

Mr. Pursley urged the boys to select choice individuals to develop as basis for a herd of dairy cows. The production ability is bred into the animal. The owner manages the animal to get the production out that the animal has bred into it.

Dulles Charged With Formosa Korea Division

WASHINGTON, (UP) — Two Columbia Broadcasting System (CBS) commentators named Secretary of State Dulles last night as the point of origin of a number of recent newspaper stories on Far Eastern policy.

A story on Korea and Formosa published by the New York Times was denied by the White House yesterday, leading Sen. Knowland (R-Calif.) to call for an investigation as to where it originated.

On separate CBS broadcasts last night, commentators Eric Sevareid and Bill Costello said the stories had their origin in a background session which Dulles held with a number of correspondents.

Each said he was not present at the session.

There must be by now many hundreds of persons in Washington who know the sources of the stories," Sevareid said. "It was the secretary of state, himself."

Mr. Dulles discussed the whole problem of post-armistice in Korea and Formosa," he specifically accused.

Minstrel Well Received, Plays Again Tonight

Phones were ringing early this morning to tell producer-director Dr. Emmett Thompson of the 10th Annual Kiwanis Minstrels that with all due respects, to participants of previous shows, this one was the best yet. A near capacity house came away well pleased with the entertainment supplied by local amateur talent that in many spots reached professional quality.

This year's edition with Show Boat motif presented a most impressive setting with The Maids of not supplying Beauty as a Back Drop one of the highlights being the Crowning of the Queen, Miss Margaret Ann Areher, winner of the Queen's contest with 75,500 votes gained by having sold the most tickets to the Minstrels.

Winners up were Misses Teresa Williams, Alice Coffee, Linda Hallett, Pretta Munn and Linda Rae Halbert.

Well received were the "Little Ones" of two dancing acts from the Rose Marie School of Dance at the Hope Hotel.

Though every specialty was received with much enthusiasm, first nighters are saying that you've never seen pantomime till you've seen Frances Weisenberger and Jimmy Mullins in "Toll Me A Story," and you'll miss a rare treat if you miss Mrs. Haskell Jones, dressed "fit to kill" and "high yaller," in "Selling Down To Chesapeake Bay."

Other numbers well received were The Key Club Quartette, trombone solo by Kirk James, Skippling Rope With A Rainbo' by Marilyn Clark, "Oh, You Beautiful Doll" by Dr. Emmett Thompson, "Neath A Southern Moon" by Mrs. Hope Ogran and feats of Magic by Mr. Edwin Murphy.

Mr. Interlocutor, Haskell Jones, kept the show moving at a rapid pace and all of the end men were hilarious with their crazy antics and agility about the entire stage.

Many of their jokes and jibes were "poked" at local residents and amused the audience no end.

Tonight there will be the Crowning of the Queen in the Senior Division and judging from the attendance last night, you'd better come early to get a good seat. Net proceeds, as in the previous years of the Minstrels will be used to promote youth activity in Hope. These contributions have averaged \$1400 each year for the past ten.

U. S. Against Abandoning Strength, Unity

UNITED NATIONS N. Y. (UP) — The U. S. warned the free world today against abandoning its policy of strength and unity because of conciliatory gestures from the Kremlin.

U. S. Delegate Ernest A. Gross told the U. N.'s 60-nation Political Committee that it was the West's very policy of strength and unity which had brought about such gestures and that eventually it would oblige the Soviet government to change its policies completely.

"Most of us feel the time will come when the Soviet government will find it necessary to modify its policy. If so it will be because of our policy of strength and unity. We must not abandon that strength," he declared.

Gross deplored reintroduction of an omnibus Polish peace package and rejected all major points. He specifically regretted the bringing up of the Korean problem here at this time.

"No resolution on Korea is necessary or desirable at this time," he declared. "We must avoid any."

Former Hope Band Director Faces Charge

Texarkana — Tommy Lavin, a high school band director, was indicted by a Grand Jury at London, Miss., on a charge of sexual assault in connection with an alleged assault upon a teen-aged Bloomington, Texas, girl.

The indictment against the known Atlanta band director, returned late Wednesday afternoon charging him with aggravated assault on or about March 4, 1953.

Lavin was originally charged with a complaint filed with the county attorney with the offense of assault with intent to commit a felony, which is a felony or misdemeanor. However, after nearly three days of investigation the grand jury failed to indict him on the charge, but did indict him on a charge of aggravated assault, which is a misdemeanor.

Lavin has denied committing any offense.

The complaint was filed by parents of the girl, and Lavin denied the charge of assault with intent to rape, which was substantiated. Placed under \$5000 bond, Lavin, he continued to his duties as band director at Atlanta High School as he has been doing for seven and one-half years.

With the grand jury action, Lavin organized the Atlanta School band in 1948 and under leadership it became the Atlanta band and the official band of Texas. Outstanding among school bands it is noted for swing music and dancing routines, both drawing cheers wherever it appears. The band has appeared in the Cotton Carnival at Memphis, Tenn., as Texas band.

Lavin, an accomplished musician, came to Atlanta from Ark., where he directed the school band. He was born in London, Ark., and received his education at Ozark College.

of repatriation of all prisoners of war after an armistice "is unshakable."

The Communists' proposal, which they called "very important," was in reply to a letter April 5 from Gen. Mark Clark, the United Nations Far East commander.

Clark had asked for more details of the compromise plan for an armistice which was proposed March 30 by Premier Chou En Lai of Communist China.

Actually, the Communist reply was mainly a restatement of Chou's proposal except to make even clearer that the Reds by persuasion, or other means, expect to bring back all bally Chinese and North Koreans.

The letter to Clark, from Gen. Nam Il, senior Communist negotiator, restated Chou's three main points:

1. Let all prisoners go home who chose to return.

2. Turn over to a neutral country — yet unnamed — all prisoners who are listed as not wanting to return to their homelands.

3. Let the Communists give "explanations" to prisoners "afraid" to return home.

The Communists went into a little more explanation of Chou's third point this way:

"Our side maintains that these captured personnel of our side who are filled with apprehension and are afraid to return home as a result of having been subjected to intimidation and oppression should be handed over to a neutral state, and through explanations given by our side gradually freed from apprehension, thereby attaining just solution to the

question of repatriation."

Gen. Clark last night authorized signing the diabolical prisoners agreement after interpreters had completed Chinese, Korean and English translations and the final draft had been transmitted to Tokyo.

U. S. Facing New Trouble in Far East

By JOHN M. HIGHTOWER

WASHINGTON, (AP) — The United States seems to be heading into a new period of trouble and controversy over critical Far Eastern issues.

Some authorities think that is one reason the Communists have shown such interest in renewing talks about peace in Korea — that they hope to create a situation in which they can exploit differences of view within the U.S. and between the U.S. and its allies.

The situation was pointed up by a dispute over published reports of decisions made or under study concerning the future of Korea and Formosa in event a Korean truce is arranged.

The White House denied yesterday that the Eisenhower administration has given any "consideration" to a United Nations trusteeship for Formosa. It also said no policy had been formed on getting a permanent peace line in Korea at the narrow point of the peninsula about 80 miles north of the present battle line.

But there was no denial that problems of grave import, in significance reaching beyond Formosa and Korea, are being posed by the Red peace offensive as applied to the Far East.

On the contrary, authoritative officials recognize that, if and when the U.S. joins in a conference to make a permanent Korean peace and perhaps a broader Far Eastern settlement, it will face troubles with friend and foe alike.

Some consideration already is being given to the major issues.

Mrs. Victor Hampton, president, presided over the meeting. After repeating the creed and singing "America" the hostess gave the devotional and prayer.

Each member brought a pot plant for auction. Mrs. Herbert M. Stephens acted as auctioneer and did a good job selling all plants which netted a sizeable sum for the treasury. Mrs. Lawrence Levrett, program leader in charge gave a number of useful household hints.

Mrs. Milburn Tippitt led the group in recreation after which the hostess, assisted by Mrs. Russell Stephens, served ice cream and cake to eighteen members present. The club adjourned to meet with Mrs. Elijah Stephens in April with Mrs. Bill Taylor as co-hostess.

Discharged: Mrs. Esther McLain of Hope.

Buchanan Funds Are Challenged

TEXARKANA, Tex., (AP) — Distribution of William Buchanan's million dollar trust for charitable purposes is being challenged by Texas Atty. Gen. John Ben Shepperd.

Shepperd yesterday filed an amended petition naming the Universities of Arkansas and Texas as co-defendants in a suit against the William Buchanan Foundation trustees. The Foundation alone had been named in the original suit, filed by former Texas Atty. Gen. Price Daniel last November.

The amended petition, filed in the 102nd Texas District Court here, asks an interpretation of the intentions of the late William Buchanan.

The petition also asks the court to enjoin the Foundation trustees from fulfilling commitments of \$500,000 to the University of Arkansas Medical Center at Little Rock and \$300,000 to the University of Texas Southwestern Medical School in Dallas.

Shepperd contends that Buchanan intended the trust to be used primarily for the benefit of people of Bowie County, Tex., and adjoining counties. He said only \$25,720 had been spent in Bowie and adjoining counties since the trust was set up in 1930.

The petition also asks the court to enjoin the Foundation trustees from fulfilling commitments of \$500,000 to the University of Arkansas Medical Center at Little Rock and \$300,000 to the University of Texas Southwestern Medical School in Dallas.

be held today for President Juan D. Peron's brother-in-law Juan R. Duarte, 38, who shot himself to death yesterday in his luxurious bachelor apartment here.

Duarte, wealthy brother of Peron's late wife Eva, resigned Monday as the president's private secretary. In a suicide note, Duarte said enemies sought to defame him and succeeded in covering his with shame. . . I came with Eva and I go with her, shouting 'Long live Peron!'

DOLLAR FOR DOLLAR YOU CAN'T BEAT A

Pontiac

A GENERAL MOTORS MASTERPIECE

Its Great Name Makes Its Price Remarkable!

Consider the respect in which the name Pontiac is held—then consider that this great car is priced only a few dollars above the lowest—and you can come to only one conclusion: that here, indeed, is the biggest value your automobile dollar can buy.

The reason is very simple: Pontiac is the one car deliberately engineered to give you features of the costliest cars at a price right next to the lowest.

You see proof of this in its distinctive

Dual-Streak styling, in its longer wheelbase and when you realize that under the hood there's more power than you'll ever likely need. And as the miles roll by, you get the most positive evidence of all in its amazingly low maintenance cost.

Why not take your first step toward Pontiac ownership by investigating Pontiac's modest cost? You'll quickly see that so low a price on so great a car represents a truly remarkable value. Come in at your first opportunity.

Diligently Pray For The Work of Your Church

CAST BREAD

"He shall be blessed that giveth his bread to the poor," Prov. 22:9. Have you ever tried this formula? It works! Compassion of American service men for little war orphans is bread that will come back to America some day. A mischievous college boy was given another chance. Years later, the wealthiest man in his state, he paid off his Alma Mater debt. Giving is not losing. To give is to gain. Generosity expands the soul, gives one more capacity to receive. Jesus said, "Give and it shall be given to you; good measure, pressed down and running over." Every moment is the right time to cast on the waters the needed piece of bread. Why not cast yours this very day.

State Gets Taste of Summer

By The Associated Press
Arkansas had a brief taste of summer weather yesterday when temperatures soared as high as 87 in at least three cities of the state.
The U.S. Weather Bureau at Little Rock said the temperatures over most of the rest of the state were in the 80's, averaging about 11 degrees warmer than the average mean temperature for April 8.
No rain was reported yesterday.
Little Rock, El Dorado and Camden all had 87 degree temperatures. This was a record breaker at Little Rock where the weather bureau said the last previous high for April 8 for 84 in 1908.
